

YOU DON'T HAVE TO NAVIGATE THE H-2A PROCESS ALONE

We simplify the H-2A process so you can concentrate on your core business.

We have over 15 years of professional experience and expertise providing comprehensive H-2A services.

Western Growers H-2A Services has helped Western Growers members, small and large, successfully navigate the H-2A program's complex, multi-stage application process for nearly two decades.

- We successfully file hundreds of H-2A applications and petitions each year helping members secure a capable, reliable, legal workforce to meet their seasonal labor needs.
- Western Growers H-2A Services helps WG members get their workers on time, every time.
- We ensure members understand the essential program requirements to help members stay in compliance with the law and regulations to avoid legal liability.
- We work with reputable, certified foreign worker facilitators to assist with recruiting qualified foreign workers, helping facilitate worker visa applications, helping workers prepare for consular interviews, and arranging transportation to the member's location.
